AP BUYS NEW HAMM ROLLERS

AP Pavers has recently invested in several new Hamm rollers to compliment and enhance our existing fleet. These rollers are very robust and are designed to cope with the rigours of the hire industry as well as being very highly regarded by customers.

We aim to provide market leading investment and the extension of our fleet to include these rollers extends our relationship with Hamm and offers our customers a larger choice of machines to choose from. We are excited at the prospect of new opportunities that these rollers will bring to AP Pavers in 2016.
