

## 4 NEW VOGELE 800-3i's FOR AP PAVERS

It's been a busy past month at AP, with several new arrivals, and more there's plenty more to come! 4 new Voegle 800-3i's have just arrived in the yard, as part of our planned investment to help keep up with the continued increase in demand.

The 800-3i is part of the super class series produced by VOGELE, and is an exceptional performer for a compact paver. With an excellent price/performance ratio, you can be sure that the 800-3i will deliver a

A new feature on this paver is the 'ErgoBasic operating concept'. The controls have been simplified so that they are laid out in a logical order for the functional processes. It is really easy to use, which helps to improve safety for the operator and efficiency of the machine as functions can be set very quickly.

## NEW MERCEDES-BENZ ACTROS

Yet another exciting new arrival this August at AP, this new arrival is the very popular Mercedes-Benz Actros. A fantastic vehicle that will increase our low-loader fleet, and help us to continue providing nationwide haulage 24 hours a day, 365 days a year.

Operating at a moment's notice, this will ultimately improve our capabilities of moving and delivering equipment to make sure that we are always on time.

Strengthening the relationship with our local dealer Mertrux evermore, AP Pavers appreciate having expert advice on hand whenever required and we would definitely consider Mercedes-Benz to be the most reliable and efficient trucks that we have had.

This latest model features all the latest technological advancements (which we are sure our drivers will appreciate!) and we feel reassured knowing that our teams are equipped with such fantastic vehicles!

## AROCS TIPPER TO JOIN THE FLEET!

Combining Power, Robustness and Efficiency in a truly unique way.

Hard-wearing build quality is essential in the construction industry, and the Arocs has this in spades. Designed from the ground up to provide a reliable, high-torque, flexible drive configuration to suit the construction industry down to the ground.

Key points to note are that the Arocs is exceptionally efficient in operation, has a high payload, outstanding reliability and low running costs – making this Mercedes-Benz an economical everyday must-have.

AP Pavers are delighted to be continuing to strengthen our relationship with Mertrux, and look forward to bringing more Mercedes-Benz to the company.
