**AP PAVERS**

We provide a fast, efficient and cost-effective milling service on roads, car parks, and areas in need of re-instatement of every size and type throughout the UK - from urban renewal to major renewal.

With the combination of first class equipment and the extensive experience of our crews, AP is in the unique position to be able to provide an allround excellent service.

Our sustained growth and delivery of a quality service has been the result of continued investment in our planer fleet, supported by a highly trained and experienced team of operators, service engineers, drivers and management.

AP Pavers would be very pleased to discuss your planing requirements and can advise you on the most suitable planer for your particular project.
